

JOIN NOW

Whether you have been involved in lighting for many years or are first entering the field, there is a place for you in the IES. Join today and take advantage of this valuable resource which offers personal and professional growth, as well as the opportunity to learn from and interact with the brightest minds in the lighting industry.

Member Benefits Include:

DISCOUNTS

- LD+A Magazine – *Complimentary*
- LEUKOS, the online Journal of the IES – *Complimentary*
- Annual Conference
- Street and Area Lighting Conference

- Publications including the IES Lighting Handbook
- ### NETWORKING

- Section Meetings
- District and Regional Events
- Committee Membership
- IES Website with a Members-only Area
- LIGHTFAIR International

CAREER DEVELOPMENT

- Mentoring Program
- Educational Courses and Webinars
- Section Seminars
- Online Career Center for Job Seekers and Employers

RECOGNITION

- Society Level Awards; Fellow, Distinguished Service, Marks, Medal
- Regional and Section Service
- Illumination Awards

MEMBER AFFINITY PROGRAMS

- Health and Life Insurance Programs
- Rental Cars
- Express Mail Service

Illuminating
ENGINEERING SOCIETY

www.ies.org

IES MEMBERSHIP

Information and applications available at www.ies.org

Diversity: The membership of the IES includes lighting designers, electrical engineers, energy engineers, consulting engineers, interior designers, architects, government and utility personnel, electrical distributors, contractors and wholesalers, facility and plant managers, building owners, manufacturers and manufacturer representatives, testing laboratories, construction specifiers, researchers, educators, students and associated lighting professionals.

Associate Grade: Annual Dues \$170

Shall be interested in the mission of the Society and be at least eighteen years of age. An Associate is entitled to all current privileges and benefits, but shall not serve on the Board of Directors, as District Chair or as a Committee Chairperson.

Emerging Professional – Associate Grade: Annual Dues \$75

A limited Associate Grade for the emerging professional (EP) just entering the lighting field or a recent college graduate. Candidate must qualify for this reduced dues. All current privileges and benefits for Associate Grade apply.

Member Grade: Annual Dues \$170

Requirements include graduation from an accredited four-year program with a degree in the art or science of illumination. In addition, the applicant should be actively engaged for at least five years (with LC, four years) in a professional capacity in a field related to illumination. or Have made some valuable contribution to the art or science of illuminating engineering or to its literature. or Be actively engaged for at least ten years (with LC, eight years) in the practice or teaching of illumination or directly related fields.

Associate or Member Grade Options

Individual Subscriber: Annual Dues \$550 (First year) \$350 (subsequent or renewal year)

IES offers individual members, in addition to all member benefits, the opportunity to receive print copies of the entire IES Lighting Library (over 60 publications) and the IES Lighting Handbook. Subsequent library updates are sent to the member as long as this membership is maintained.

Individual Sponsor: Annual Dues \$250

IES offers individual members, in addition to all member benefits, the opportunity to support through additional dues, specific projects approved by the Board of Directors. A \$50 IES publication credit is included.

Student Grade: Annual Dues \$20

Shall be registered as a full-time student in a college or university for study toward a degree in engineering, science, fine arts, architecture, interior design or other related fields or enrolled full-time in an accredited two-year technical school whose curriculum is related to illumination. A student member shall be entitled to all current privileges and benefits, but shall not have the right to vote or to hold elective office.

Sustaining Membership: Annual Dues range from \$700 - \$25,000

Individuals, institutions, and companies may elect Sustaining Membership. The additional support from Sustaining Members contributes to the technical, educational and research efforts of the Society. A highly visible classification, Sustaining Members receive print copies of the full IES Lighting Library (over 60 publications) including the IES Lighting Handbook, print edition only. Sustaining Members also receive direct links from the IES web site, a company certificate, listing in *LD+A* magazine (Silver category and above) and a number of complimentary individual memberships based on the level of Sustaining Membership support. A complete benefits and classification schedule is located in the membership information area online at www.ies.org.

Mission: The IES seeks to improve the lighted environment by bringing together those with lighting knowledge and by translating that knowledge into actions that benefit the public.

(include additional pages if necessary)

IMPORTANT INFORMATION

Your application cannot be processed without the information below. Please check ONE in each category.

- Principal business of your firm:**
- Architecture
 Consultant
 Lighting Design
 Government
 Electrical Utility including government owned
 Education
 Electrical Distributor or Wholesaler
 Electrical Contractor
 Manufacturer of Sources
 Manufacturer of Luminaires and Portable Lamps
 Manufacturer of Lighting Accessories or Materials
 Manufacturer's Representative
 Interior Design
 General User (non-lighting mfr., store, theater, etc.)
 Facility Management
 Testing Laboratory
 Energy Services
 Construction/Builder Contractor
 Other _____

- Your title or position:**
- Principal, Partner, Owner, Corporate Officer
 Manager (general, plant, production, etc.)
 Lighting Engineer
 Engineer, Registered
 Architect
 Independent Consultant
 Salesperson
 Facility Manager
 Lighting Designer
 Marketing Manager
 Product Manager
 Advertising Manager
 Professor, Educator
 Researcher
 Student
 Other _____
